- > **Compact & Stylish**
- > **Saves time**
- > **Cost-Effective Printer**
- > **Low Energy Consumption**
- > **Easy to Use**

This device is designed for those who produce or handle rolls of labels. Due to the ability to interchange the core holders, it can be configured through the table below, to the operative needs of the user.

The configuration allows the choice for different types of core holders that we propose, or thanks to the provided mechanical diagrams, their production can be made by the user. In addition the structure of the configuration allows the user to purchase later the available core holders.
